

Certification Statement of Compliance with 47 CFR 51.332(d)
ACS of Anchorage, LLC

ACS of Anchorage, LLC d/b/a Alaska Communications, will be expanding the existing Ridgemont Digital Loop Carrier (DLC) serving area located at 2601 O'Malley Road. The extension is required to eliminate the existing buried cable physical feed currently in conflict with the Alaska Department of Transportation road construction along the New Seward Highway. Alaska Communications will be using the existing Ridgemont DLC site and cabinet and no field modifications are required at the DLC site to expand the serving area. The extension will also provide essential non-loaded POTS, DSL, and HDSL services to a portion of Midtown Anchorage.

Alaska Communications has served a copy of its notice with General Communications, Inc. ("GCI").

Written notice was served by email upon:

Mary DeVore
GCI Wholesale Markets
mdevore@gci.com

Alaska Communications has served a copy of the notice upon:

The Regulatory Commission of Alaska
The Governor of the State of Alaska
Cook Inlet Region, Inc.
Secretary of Defense, Special Assistant for Telecommunications

Notification requirements of 47 CFR 68.110(b) do not apply.

Alaska Communications has complied with the good faith communication requirements and will continue to do so until implementation of the copper retirement is complete.

The docket number is 16-315 and the Report Number is NCD-2621.

I, Lisa Phillips, Senior Manager, Regulatory Affairs and Risk Management, for ACS of Anchorage, LLC, certify under penalty of perjury under the laws of the United States of America that the foregoing is true and correct. Executed on January 18, 2017.

Lisa Phillips

Senior Manager, Regulatory Affairs and Risk Management
